

## Origami Dogs

These dog faces are super-easy to make, even your youngest children will love them. For the more able children, give them the instructions for a 3D Scottie dog.

### Equipment

Origami paper  
Felt tips  
Glue (optional)  
Googly eyes (optional)

### Method

1. Starting with the paper white side up, fold in half diagonally to make a triangle.
2. Fold in half again then open out. Lay it with the point facing you.
3. Fold the tip of the triangle up to make the dog's nose.
4. Fold the right hand corner down to make an ear. Repeat for the left side.
5. Draw on the eyes and nose. Or stick on some googly eyes.

### Notes

If the children would like more of a challenge, get them to try making the origami Scottie dog. Download the instructions here:
